APPEAL IS MADE FOR ASSISTANCE TO NIGHT SCHOOLS

Mason County Illiteracy Agent Asks All Citizens to Help in Making Moonlight Schools Beginning Next Monday Helped to Illiterates.

Moonlight schools will begin in Mason county on next Monday evening. This county holds an enviable record among the counties of the state in that every school teacher has volunteered to conduct a moonlight school. Much of the interest shown in the effort to eradicate illiteracy in Mason county is due to the efforts of Mrs. J. B. Ross, Mason County Illiteracy Agent, who on the eve of the opening of these schools makes the following appeal to the citizens of the county:

Next Monday night, October 6, at 7 o'clock every school house in Mason county will be opened for the moonlight schools.

The county teachers have pledged themselves to conduct these schools without one cent extra pay.

In order to interest our people for whose especial benefit these schools are opened I am calling on the good people of Mason county to aid and assist in every way possible the teachers. If you know some one on your farm or near by who can't read or write won't you make it your duty to see that particular person and urge them to attend the moonlight schools. It may be that conditions are such they can't attend, please report to the teacher nearest you and a way will be provided to teach them at home.

The ministers of our rural churches are asked to announce the moonlight schools from the pulpit Sunday and urge their people to help.

If Mason county will awaken to a realization of the importance of eradicating illiteracy from our midst, if they will work with the zeal, ah! half the zeal with which they worked for the war, illiteracy will soon be a thing of the past. This is the last call to arms.

In 1920 the census will be taken. Mason county is ninth from the top in illiteracy. Let's all be up and doing with a heart for any strife and put Mason over the top, won't you and you and Y-O-U?

MRS. J. B. ROSS, County Illiteracy Agent.

The Women's Missionary and Mite Societies of the First M. E. Church, South, will meet at the church Wednesday afternoon at 2:30 o'clock.

GETS HEAVY FINE FOR DESERTING WIFE

Fleming County Man Is Returned From Rowan and Given Heavy Dose For Deserting Wife and Children.

Muses Mills, Ky., September 30.—(Special to the Ledger.)—Jesse Caudill, age 38, who moved here from Farmers, Rowan county, last spring, was tried here last Saturday by Squire Muse and fined ten dollars and costs and sentenced to jail for a term of 30 days for deserting his family here.

He has a wife and six children, four of whom are with their mother here, all being under 15 years of age and the youngest a baby two months old. Caudill had been working on a farm for Elmo Peck since he moved here, but during the last of August he concluded to go to Moorehead and work on a new railroad that is under construction there. His wife learned that he was there loading around, she not hearing anything from him and being in destitute circumstances she was compelled to ask aid from Squire Muse from the county to procure provisions for herself and children. So she procured a warrant for his arrest and last week Constable William Mauk left for Farmers and there secured his man and brought him in for trial. Constable Mauk took him to jail last Saturday evening where he goes on the rock pile for 51 days. He shed copious tears of repentance when he started for the battle at Flemingsburg. County Attorney Humphrey of Flemingsburg was present and prosecuted the case and after the case was disposed of made provision for Mrs. Caudill and her small children to go to the home of her parents at Portsmouth, Ohio.

CHURCH TIME WILL CHANGE THIS WEEK

The regular time for church services automatically changes this week according to the custom which has been followed in Maysville for many years. All church services of evenings will now be held at 7 o'clock instead of 7:30. This will be begun by most of the churches with their prayer meeting service.

RAISES HELL "OVER THERE"

Within the trenches, boys—there comes "Dimples," the 300 pound patriot, all hot up and ready to buck the line for his Uncle Sam. See him go over the top in Rex Beach's big patriotic drama, "Too Fat to Fight," featuring Frank McIntyre, at the Pastime tomorrow.

SETTING IS NOW ALL READY FOR BIG WORLD SERIES

Series of Games to Determine the World's Championship Begin in Queen City on Wednesday Afternoon—Box Seem to Have Advantage.

LEDGER TO GIVE ALL WORLD SERIES FIGURES

For the benefit of the people of Maysville who are unable to attend the World's Series at Cincinnati to witness the games, the Public Ledger has made arrangements to receive the scores by mailings and these will be posted on our Bulletin Board at the Public Ledger building as the games progress.

Cincinnati, Ohio, September 30.—Everything is in readiness for the great battle between the Cincinnati Reds, champions of the National League, and the Chicago White Sox, champions of the American League, the first game of which battle will be played at Redland field here on Wednesday afternoon.

Cincinnati hotels groaned, Tuesday, under the weight of base ball enthusiasm. They were the cauldron in which diamond discussion from the four corners of the United States seethed. Above the din created by the clamor for rooms and accommodations; more highly pitched than the eternal alibi of the man who failed to write in advance, rose the voice of King Base Ball.

The majority of the guests who registered at the principal hotels were prepared for inconveniences. They actually express surprise when they found how thoroughly the management had laid their plans. True, 15 men will and if necessary to sleep in one room, but they will be in comfortable single beds. Some may have to sleep behind a screen in a reception room, but their beds will be but a step from a luxurious shower.

The White Sox and some of their handsome wives invaded Redland Tuesday with the announcement that the first two games of the world series are as good as theirs already.

However, many Cincinnatians, watching them enter the Sinton Hotel, shook their heads in sympathetic manner, saying: "It is sad to think how badly these fine fellows are to be beaten. How cheerfully they enter our city, and how sadly they will go away!"

William "Kid" Gleason, their manager, led the caravan of taxicabs in which the Sox went down town after arriving at Central Union Station.

Those who, by reason of his child-like name, expected to see a fair-haired, downy-cheeked youth, were astounded to learn that "Kid" Gleason is no chicken, as one might say.

On the contrary, he is 64 years old, and there are streaks of gray in his old head, but, he being Irish, the years otherwise have dealt gently with him. Chicago's White Sox are approximately two and a half per cent stronger for purposes of the world series than are the Cincinnati Reds. The team, with every factor of strength considered, shows an advantage of 257 points.

The advantage of the Sox, however, is greater even than the two and a half per cent. shows. The chance of a team to overcome that handicap lies in just two elements—superiority of pitching power over the attacking power of the opponent, and luck.

In the coming series luck has been eliminated to a large extent by the extension of the series to five out of nine games. Also, it is a notorious fact that in baseball luck follows the stronger ball club.

However, in this comparison of the teams there is no allowance made for the element of luck.

The figures indicate the Reds have a pitching advantage of slightly under 2 per cent. The White Sox figures show their attacking superiority to be about 5 1/2 per cent.

Even admitting Moran can choose pitchers with such skill as to pit his strongest men against the weakest of the White Sox there still remains the fact that, in the two games at least in which Cicotte will work, the White Sox, in addition to their attacking strength of nearly 6 per cent., and their defensive advantage (independence of pitchers) of nearly 2 per cent., they will have the pitching advantage.

MOVING TO LEXINGTON

Mr. Isaac Chancellor and family are today moving from this city to Lexington where they will make their future home. Mr. Chancellor, who recently sold his interest in the Standard Drug Company, has accepted a splendid position with the Fayette Drug Company in Lexington and his many local friends wish him much success in his new connection.

LETTER READ TO SCHOOL CHILDREN FROM SECTY. GLASS

Secretary of the Treasury Carter Glass Will Address all School Boys and Girls of the Nation in Letter to Be Read By Teachers Friday Afternoon.

On next Friday afternoon, October 3, all school teachers in the nation have been asked to read a letter which has been directed to the school children by Hon. Carter Glass, Secretary of the Treasury, in regard to thrift. The letter which the teachers are asked to read follows:

To the School Boys and School Girls of America:

In addressing the twenty million or more school boys and girls of this country, I am addressing the citizenship—the business and professional men and women, the producers and consumers and the home makers of only a few years hence. The responsibility of all the problems of our country will ultimately fall upon you. The spirit of patriotism and helpfulness which you displayed during the world war has proved your fitness for your future responsibility. Your record in production of needed materials during the war, your saving of food and money, and your investment in Government securities is a record of which every American citizen is justly proud.

It is the earnest desire of your Government that you should continue to practice and make permanent those same habits of industry and economy, that through your influence and example America may soon become a Nation of savers and cease to be a wasteful Nation; that this may be a Nation of people who always save some part of their earnings, who spend money with greatest care, and who invest what they save in some safe place.

I am glad to see that our school boys and girls have continued during the vacation months to save their money and are buying Thrift and War Savings Stamps, thus laying aside a portion of the money they earn for some future purpose, and while they continue to render some service to their Government, they are at the same time providing for their own needs.

The habit of earning and saving money is a most interesting and happy one. I am sure that this habit has become so fascinating to you that you will continue to earn and to save through all the months and years to come and keep investing what you save in Government securities. It is my personal hope that the lessons of Thrift that are being taught in your school may help you to develop in your life permanent habits of saving and thereby lay a foundation for your personal happiness and usefulness and ultimately for a bigger and better America.

Sincerely yours, CARTER GLASS.

REGISTER!

If you want to vote in November you must register Tuesday, October 7, in your voting precinct.

Polls for registration will be open that day from 6 a. m. to 9 p. m. All qualified voters must register, also young men who will be of age at the time of the November election.

You have no right to complain about mismanagement of city or State affairs if you neglect to do your duty as a citizen.

SPORT FOLLOWERS WILL EMPTY CITY TO SEE BIG EVENTS

Maysville Will Be Deserted Wednesday When Cincinnati, Latonia and Lexington Will Call to the Sporting Blood of Hundreds.

Indications today are that Maysville will be practically deserted tomorrow by the followers of sports. Although there are not more than one hundred tickets held by local people for the opening game of the World's Series season, there are many more planning to go to Cincinnati in the morning and already several left this afternoon to be on the ground early and to endeavor to pick up tickets for the big game by being on the grounds early. Others who cannot attend the opener will more than likely spend the day at Latonia.

There is already a great crowd of Maysville sports in Lexington attending the fall trots and Wednesday will find many more riding the L. & N. to be on hand for the Transylvania on Thursday. Others are making preparations to attend the big automobile races at the Cincinnati Speedway beginning Sunday and with all of these big events going on in our immediate vicinity, the sports will have more than they can attend and it will keep them busy. All four of the big attractions mentioned which will be in progress this week and next will call hundreds of Maysville people away from the city and it will be practically deserted except for those to whom these sports make little or no appeal. There are many baseball fans, however, who cannot attend the games and who will watch the newspapers closely for the world's series.

NOTICE ODD FELLOWS

Regular weekly meeting of DeKalh Lodge No. 12, I. O. O. F., will be held at the hall in Second street this evening at 7:30 o'clock. All members are urged to attend and visiting brothers will be made welcome.

LOCAL MAN HEADS TOBACCO COMMITTEE

Interesting Meeting of Tobacco Men To Combat Anti-Tobacco Propaganda—T. H. Gray Heads Organization.

A meeting of allied tobacco interests was held Monday morning at the offices of the Cincinnati Tobacco Warehouse Company in Cincinnati for the purpose of furthering the organization of a permanent association opposed to the prohibition of tobacco.

The feature of the meeting was an address by James Arthur Seavey, New York, and Managing Director of the Association Opposed to National Prohibitions, who explained in detail the scope and progress of the proposed prohibition of tobacco products generally as fostered by the W. C. T. U. and various allied organizations. He stated that an insidious propaganda against tobacco is being carried into the homes of the country through the public schools.

Charles L. Gray, a prominent tobacco dealer of Augusta, Ky., stated that it will be a comparatively easy matter to organize the tobacco growers throughout Kentucky and the entire Middle West, once they become familiar with the movement which aims to destroy their business.

Committees on Constitution and By-Laws, Organization and Finance were announced by Chairman W. D. Spelding, with the following personnel:

Constitution and By-Laws—F. R. Toewater, Joseph Strohl, F. W. Miller.

Organization—Thomas H. Gray, C. B. Wittcock, Herman J. Rowe.

Finance—D. Howard Gayle, L. B. Wilson, John A. Downard.

REHEARSAL OF PAGEANT

There will be a rehearsal of the Rally Day pageant "Youth and the New Day" at the Third Street M. E. Church Wednesday evening at 7 that every one who has a part to play in the pageant will be able to rehearse. It is very important present. Rally Day will be celebrated a week from Sunday, October 12. The school will make its greatest effort to secure the attendance of every enrolled member, together with the church membership and constituency. The pageant to be given will be an elaborate affair teaching a wonderful lesson for the Sunday School in these reconstruction times.

IRRIGATION SYSTEM BEING INSTALLED BY C. P. DIETERICH

Local Florist and Nurseryman Installing System of Irrigation to Water Several Acres—Most Complete Nursery in This Section.

In order that their trees, plants and flowers may be properly watered at all times no matter what sort of a drouth strikes this section of the country, C. P. Dieterich & Brother, local florists and nurserymen are now installing on their farm just East of the city a new system of irrigation which will irrigate several acres of land and as the company's business continues to grow the system will be extended over the area of land used.

After careful investigation Mr. Charles Dieterich decided on the Skinner Irrigation system which is now being installed. This system has pumps which pump 20 gallons of water a minute and which make a pressure of 65 pounds to the square inch. The entire system is of the latest model and equipped with all the latest devices which can be used about a green house.

A large well has been driven on the farm to a depth of 83 feet. The well was driven through 35 feet of sand and a large volume of water through a four inch pipe is furnished. This water, instead of city water, will be used in irrigating the farm.

The system is quite a large and complicated affair and though experts are now engaged on it, the entire system will not likely be completed so that it can be used for irrigation purposes before next spring.

With this latest equipment the Dieterich concern is now one of the largest and best equipped in this whole section of the state. Their business is rapidly growing and has become so large as to require this very extensive and expensive improvement.

MANY BUY TICKETS TO LYCEUM COURSE

It is understood that those who are selling tickets for the Maysville High School Lyceum Course this season are meeting with much success. The numbers on the course are all well known to Maysville people and are favorites. Prof. Caplinger and the committee in selecting this year's course certainly had in mind what the general public wanted and its our prediction that the auditorium will be filled to overflowing with each number.

COUNTY SCHOOLS OF CITIZENSHIP ARE NOW BEING PLANNED

Women's Clubs Plan Schools of Citizenship in Every County Seat in Kentucky to Educate the Women.

Schools for training women in citizenship, to be held first in Louisville and Lexington, and later in every county seat, county and voting precinct in the state, were recommended to the board of the Kentucky Federation of Woman's Clubs by the political science committee at the meeting held in Lexington Friday.

The proposed curriculum of the schools will include questions on the machinery of voting, principles and issues of political parties, local government, state government in Kentucky and the government of the United States. Instruction in smaller communities will be by outside help as the counties may be able to provide for.

The total number of women in Kentucky 21 years old and more, is estimated as 579,766 by Mrs. Christine Bradley South, of Frankfort, chairman of the political science committee of the federation. Of these 596,299 are white; 73,413 are negroes; 43 are Indians and 1 is Japanese.

As the beginning of the movement, the committee recommended one school for training in citizenship be held in Louisville the first week in November and another in Lexington the following week, both schools to be attended by representative women from each county in the state. As soon as possible similar schools are recommended for each county seat, with representative women from each voting precinct in the counties in attendance. The county schools should be followed by precinct schools for every woman in the precinct, the committee said.

Fall and Winter Brings on Aches and Pains

Many people suffer unnecessary pain by waiting for lumbago, backache or rheumatic pains to pass off naturally. Why not take prompt action and make a recovery like that described by J. R. Wilkinson, of Selma, O. "Lumbago struck me just as I got out of bed, so bad I couldn't stay on my feet. My wife bathed my back with Houstonia Liniment and covered it with a hot flannel cloth, and in two hours time I got up and went to work."

In a few hours Houstonia will relieve practically every ache or pain. Its remarkable antiseptic qualities make it especially good for burns, cuts and bruises. It soothes while it heals. Be prepared in advance by securing a bottle of Houstonia-e-ah (The Original Jones' Liniment), with Dr. Jones' picture on the yellow label \$1.00. Half size 50c, trial size 25c. Sold by all druggists. MOTOR VEHICLES BECOME POPULAR AT RAPID RATE

Latest Available Figures Show That
Southern States Are Fast Coming
to Front in Scale of States.

There is one motor vehicle for every 15 persons in the United States. This calculation is based on the latest authentic automobile and truck registration figures which have just been compiled by the B. F. Goodrich Rubber Co. The total number of passenger cars and trucks listed is 6,786,550. This represents a 13 per cent. gain over the 6,023,605 registry of January 1, 1919. In other words the latest tabulations show that 762,945 more cars are now in use than there was the first of this year.

A neck and neck race is being waged between New York and Ohio for leadership in state registration—the Goodrich figures showing New York with a registration of 502,785 while Ohio trails closely behind with 480,000 cars and trucks. Nevertheless Ohio is forging ahead in motor ownership at a faster clip than in New York state and may step into first place before the first of the year. Next in the "big six" group, named in the order of their rank, are Pennsylvania, Illinois, California and Iowa.

During the period since the first of the year fifteen states have made percentages of increase greater than the national increase of 13 per cent. Those states are Ohio, California, Georgia, Tennessee, North Carolina, Kentucky, South Carolina, Alabama, West Virginia, Idaho, Utah, Wyoming and Delaware.

It will be noted that nine of these are Southern States, and their percentage of increase as a whole is 22. Tennessee, West Virginia and Kentucky lead the South as well as the entire nation, and in the order named. Unprecedented cotton and tobacco prosperity has placed this section of the country well to the fore. Since 1917 the census of automobiles in the Southern States has increased better than 100 per cent.

MINES TO RESUME FULL TIME

Whitesburg, Ky.—Coal operators of this section, including both the Elkhorn and Hazard fields, are pleased with prospects of a complete revival of coal mining as a result of the coming together of operators of the coal fields and the government and the assurances of the part of the Railroad Administration that this section will get an ample supply of cars—160 cars from Eastern roads and 270 from Southern roads daily for the next ten days. As a result at least 5,000 cars will come into this section within the period named. All mines will be able to resume full time.

PLOW FOLLOWS KNIFE

Lebanon, Ky.—Tobacco cutting, which was suspended for some days on account of rain, is again in progress and the crop is being rapidly housed in good condition. Some plowing has been done and more will be done as rapidly as tobacco is gotten out of the way, the millers say that wheat acreage will be reduced in the county this fall, owing to high prices of seed and fertilizer, scarcity of labor and the discouragement of farmers owing to the partial failure of last year's wheat crop to come up to expectations in yield or quality.

MOST OF TOBACCO CROP IS NOW CUT

Early Leaf Generally of Good Quality,
But Drouth Damaged Late Weed
in Kentucky.

Between 90 and 95 per cent. of the tobacco in the Bluegrass section has now been cut and work will be finished within the next few days. The early tobacco is generally of good quality, but the drouth has damaged the late crop. Some of the late tobacco, however, is showing up well.

Although there is a material increase in tobacco acreage this year, there will be a decrease over last year in the yield, it was stated Saturday night by W. L. Petty, a leading tobacco man of Lexington.

Fayette county is better off than any other county in this district. Mr. Petty thinks, because weather conditions here have not been so severe that the crop has suffered to a great extent. There was also a decided increase in acreage this year, due to the conversion of many stock farms into tobacco land.

Mr. Petty thinks it possible the Lexington market may equal its mark of

PILES RELIEVED

Also Eczema, Salt Rheum, Ulcers, Old Sores and Carbuncles.

Under the influence of San Cura Ointment surprising improvement is made so quickly that it seems almost miraculous.

Stubborn cases of piles like those of Rev. W. F. Gilbert of Titusville, Pa., vanish before the marvelous antiseptic Ointment. Mr. Gilbert writes: "For twenty years I suffered with bleeding and itching piles; at times I was confined to the house for more than a month. Two years ago I began using San Cura Ointment and one 60c jar made a firm and permanent cure. I have not been troubled since."

San Cura Ointment is guaranteed by J. Jas. Wood & Son, who is the agent in Maysville, to help any of the above named diseases or money back. It relieves pain from burns, cuts and bruises, draws out the poison and often heals in a short time. 30c, 60c and \$1.20 a jar at J. Jas. Wood & Son.

GOOD BABY SOAP

San Cura Soap is a healing and antiseptic soap; just the soothing kind that baby needs. It frees the pores from impurities and prevents rashes and other skin diseases. Fine for anyone's skin; banishes blackheads and pimples, clears the complexion. 25c a cake at J. Jas. Wood & Son. If your druggist doesn't keep it send to the Thompson Medical Co., Titusville, Pa.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. TWO WOMEN, MAN AND CHILD DIE AS TRAIN HITS AUTO

Princeton, Ky., September 29.—Three adults and one child were killed outright and a fifth person was fatally injured here late Sunday afternoon when an Illinois Central passenger train struck an automobile at a crossing just below town. The dead are Mrs. Fannie Rogers, 65; Milton McNeley, 22; Mrs. Pearl McNeley, 22, and their infant child, aged four months. Finis Rogers, 56, who was also a passenger in the car, is believed to have been fatally injured.

All of the victims are residents of Bainbridge, Christian county, and were returning home following a visit paid Mr. and Mrs. Jeff Lamb, of this county.

Questions**

The duty of the switchboard operator is to answer your number calls and get connections for you.

If she stopped to answer questions, the number of calls would pile up and the service would be delayed; this would be an injustice to the other subscribers.

When in response to a question, the operator says: "I will give you Chief Operator", she is obeying her instruction.

If you cannot find what you want in the telephone directory, ask the operator for "Chief Operator" and she will connect you with the "Chief Operator" where your questions will be promptly answered.

BLUE BIRD WASHING MACHINES INTRODUCED

In another part of this issue there appears a half page advertisement introducing to the women of Maysville the Blue Bird Electric washer. A very interesting demonstration of these high class washing machines will be in progress at the Gas Company's office this week and all women interested in such labor saving devices should at least see this demonstration when they pay their gas bills.

HERE'S A REAL FAN; HAS BOX SEAT TO GAME

Although there are many local baseball fans who have tickets to the World Series opening in Cincinnati Wednesday, so far as we have been able to learn none have a box seat except, Mr. Edward Smith, manager of the Maysville Gas Company's Electric Shop. Mr. Smith was advised today by a Cincinnati friend that he had a box seat at the first game reserved for the Maysville man and Ed will see the first World Series game in style.

SONG REVIVAL IS POSTPONED A WEEK

Because a number of the members of the Boys' Band who are to take part in the Song Revival scheduled to begin at the "Little Brick Church" on next Sunday evening, will be compelled to do considerable practicing this week to fill an engagement at Georgetown, it has seemed best to postpone this song revival for one week. Instead of opening on Sunday, October 5, this revival will now begin on October 12.

HOLMES GETS HIS WHISKEY FROM COURT

As one of the last day's orders in the Circuit Court Judge Newell ordered that the 10 quarts of whiskey held by the court which belonged to William Holmes, colored, be returned to him. It will be remembered Holmes was arrested with the whiskey and convicted in the Police Court on a charge of having liquor in his possession for the purpose of sale. He appealed his case and a jury in Circuit Court cleared him.

NINE TEAMS OF FARMERS WORK FOR MORE MEMBERS

There are nine teams of farmers, of flocks and members of the Mason County Farm Bureau, working throughout various sections of Mason county today in an effort to enlist many new members to the Bureau. The goal set is 300 members by the close of this week and the teams are working very enthusiastically and will most certainly reach their goal.

Mr. F. M. Brewer of Lewis county, attended the reunion at Maysville and paid his sister a visit, Mrs. Ambrose Barnett of Aberdeen, Ohio.

MAN WHO KILLED DAUGHTER SENT TO LAKE LAND BY COURT

Somerset, Ky., September 30.—Obe Phelps, who killed his daughter, Mrs. Minnie Hargis, at his home at Bent, Ky., Friday afternoon, was tried before Judge Tartar in the County Courthouse Monday afternoon and ordered sent to Lakeland. Friday afternoon he was sitting in the room and when Mrs. Hargis came in he struck her over the head with a shovel killing her instantly. Phelps has not been of sound mind for two years, but was considered harmless.

MILLS REOPEN AND STRIKERS AT A STANDSTILL

Picketing Is Resumed in Steel District But Mills Are In Operation Now.

Pittsburg, Pa., September 30.—Out of the maze of conflicting claims made by opposing leaders in the steel strike, there stands forth today the fact that the strikers are making no physical progress and the companies are going ahead. The unions have got all the men from the mills that they can persuade or force to leave. But the mills continue to operate; smoke continues to belch out of the stacks, and the cars laden with raw and finished products continue to go in and out of the plants.

The strike leaders are hoping for Federal intervention, with its almost certain compromise. They believe there could be no compromise conceived which would not give them the right of collective bargaining and force Judge Gary to recognize their organization.

All the Bethlehem plants are in full operation, and the United States Steel and Carnegie corporations are constantly opening more mills and turning out larger tonnages from those which were not closed down. Picketing of steel plants at Cleveland and Youngstown has been resumed.

A threat to call for State or Federal troops resulted from a clash of approximately 2,000 strikers and their wives and a group of policemen and guards during the evening exodus of 350 workers at Waukegan, Illinois.

"WET" PERIOD FORECAST

New York, September 30.—Acting, it is said, as one of Broadway's famous "rumors" that within a week President Wilson would cast war-time prohibition into the discard by proclaiming demobilization completed. New York liquor dealers today began "stocking up" for a brief "wet" period until next January. With huge quantities of bonded whiskey arriving here from Kentucky, restaurants and saloons began to enroll bartenders and waiters previously "laid off."

OUR COLORED CITIZENS

Mary Eliza Gallagher left Monday morning for State University, Louisville, Ky. Miss Gallagher is a graduate of the colored high school of this city. She extends her sincere thanks to the friends and well wishes of the community who so graciously gave of what they had to help her enter this good school. She is very grateful for the aid the merchants, that were called on who gave her. Her Sunday school and the colored high school each donated her five dollars.

SQUATTERS LIVE IN PAPER HOUSE ON DUMP

A couple of colored men from Cincinnati dropped into Maysville a few days ago and built themselves a shack of barrels, boxes and scrap paper on the Bridge street dump. A stove was "rigged" up and they are now living in their little shack and gathering up all paper on the dump and baling same which is then shipped for sale. They are also gathering up all paper and wooden boxes which they are selling.

WEDDING WEDNESDAY

Wednesday afternoon at 2 o'clock at the Mill Creek Christian Church Miss Nannie J. Rice, second daughter of Judge and Mrs. W. H. Rice, of the Lewisburg neighborhood and Mr. John Harrison, eldest son of Mr. S. H. Harrison, of this city, will be married. The wedding promises to be a brilliant affair and immediately following the ceremony the young couple will be driven to Maysville and will take the train here for a wedding trip.

WED AT ST. PATRICK'S CHURCH TOMORROW

County Clerk James Owens today granted a marriage license to Mr. John Buckley, of Lexington and Miss Agnes Fox, of this city. They will be married at St. Patrick's church tomorrow by the pastor, Rev. P. M. Jones.

WIFE ASKS DIVORCE

Charging cruel and inhuman treatment against her husband, Mrs. Laura Beach filed suit in the Mason Circuit Court today asking a divorce and \$10 a month alimony from her husband, Frank Beach.

Miss Letta Ogden of Kenton town, Ky., attended the reunion in Maysville, is spending a few days with her grandparents, Mr. and Mrs. Ambrose Barnett, of Aberdeen, Ohio.

Mr. and Mrs. Silas Pendleton of Bristol, Tenn., is visiting Mr. and Mrs. Duke Scott of Forest avenue. Mr. Pendleton is a brother of Mrs. Scott.

NO INTEREST IN CITY POLITICS IS DISPLAYED

Although it is but a little over a month before the November election, there has not been the least bit of interest displayed in city politics thus far. As a general thing practically all of the candidates for councilmen are announced and in the campaign to their necks by this time of the year and it therefore appears that this year's campaign will be a very quiet one.

ON TRIP TO MOUNTAINS

Rev. B. A. Miller, of Aberdeen, Evangelist for the Braeken Association of Baptists, passed through Maysville yesterday en route to Morehead and other points in that section of the state for a week's trip. He will return in time to take part in a mass meeting to be held at Two Lick church on Saturday evening.

CONFERENCE MEETS TOMORROW

The Kentucky Annual Conference of the Methodist Episcopal Church will convene tomorrow in Trinity Church, Louisville, Bishop Anderson presiding. Revs. W. S. Peters and W. H. Morris, pastors of this city, left this morning for the conference. H. Carr Politt is the lay delegate from Third Street Church. The Kentucky Electoral Conference will meet on Friday.

Mr. R. J. Morgan, of Lexington, district agricultural agent, passed thru Maysville today en route to Vanceburg on business.

The Turning Point

The turning point in many a business man's career is the moment when he and his banker come to a perfect understanding.

The officers of this bank desire to KNOW more business men in order that they may become better acquainted with their capacity and resources, and be in a better position to contribute the co-operation which the largest bank in this section is able to give.

With character, capacity and some capital, that other essential to success, CREDIT, is easily attained. We should like to have the opportunity to talk over your business problems with you. Perhaps we can help you.
